

Manikanta Lanka

I am a devoted and regular attendee of our Hindu temple, actively participating in major events and contributing through devotional singing during special occasions.

Also my spiritual journey is deeply rooted in temple activities, and over time, I've developed a strong interest in cultural education and sharing the deeper meanings behind our customs, chants, and rituals.

I firmly believe that understanding our scriptures and rituals adds depth to our devotion. It's not just about performing rituals, but about connecting with their purpose and the spiritual wisdom they offer. I have often spoken on the significance of traditional attire and the richness of our spiritual heritage.

I have been volunteering for Parvathi Abhishekam every second Sunday of the month with the blessings of Lord Shiva and Maa Parvathi. If elected as a board member, my goal will be on promoting spiritual awareness and scriptural understanding.
